### About Tesoro Fund Management

The Team around Tesoro consists of experienced trader, who have long experience in the fields of forex and crypt ocurrencies and already prove their worth.

Tesoro will launch a token called ORO Through ERC20

A name which all the people can trust , because ORO means Gold and Gold is they way for the wealth.

Oro will be tokenized cryptocurrency index fund of the top 20 currencies .

Tesoro Team concept is to maximize the profit and minimize the risk.

Benefit Of investing :

First of all lets write about the major market problems with the new traders or beginners :

90 % of the new traders who invest in the market are losing money because of lack of experience .

Some of the people wants to invest but they dont have time to collect the data and information about the crypto market.

High capital needed to start trading which will be high risk to the new born trader.

High fees paid for financial advisors.

Most of the investors do not have time to analyse the market.

Tesoro Fund Management is the solution

Oro token will be invested by three profitable strategies .  
By holding oro token that's mean you are investing in many projects with different strategies to secure the funds.  
Tesoro management will be responsible in the trading and minimizing the risk and distributing the company money into different sectors to maximize the profit of the token holder  
O token holder will receive 60 % profit monthly in term of ETH.

How will be the monthly Profit Received :

ORO Token Holder will receive profit By ETH and it will be send to the token holder address.

Payment will be every 15 of the new month.

Profit will be 60 % monthly for the token holders .

The rest 40 % will be :

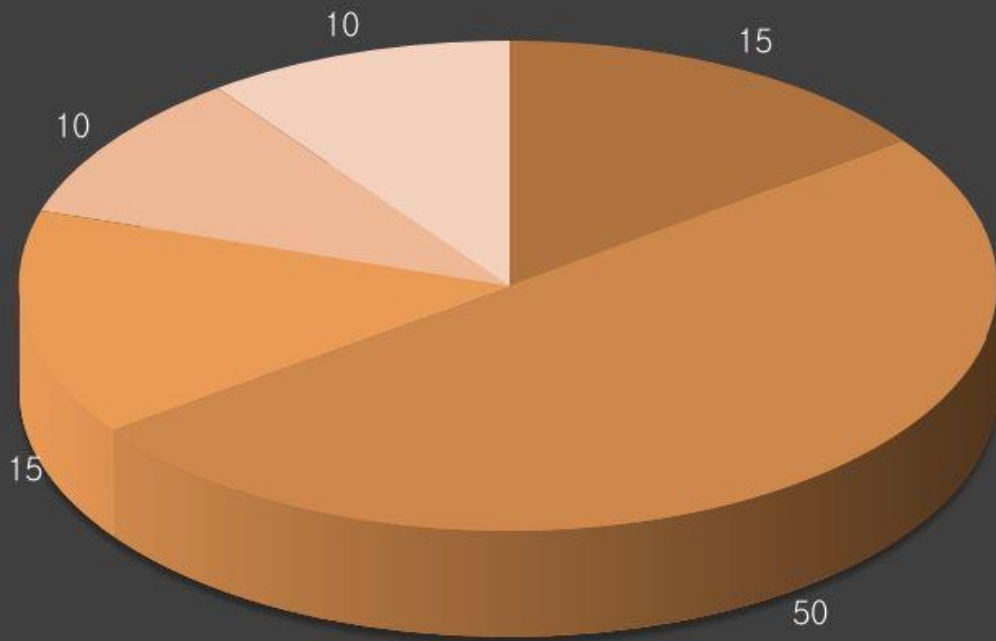

1- 20 % will be re invested to increase the monthly profit payment monthly to the token holder .

2- 20% will be invested at the system to support ORO Token Price .
